

2025 Wrapped

2025 marked a steady growth for Marex Hedging Solutions, delivering another record revenue this year.

We expanded our client base across the FX and commodity complex, notably on Energy, Environmental and Metals, and continued to grow our presence in Latam, Australia, Hong Kong, and Dubai.

We also strengthened our offering with new solutions and capabilities, and increased client usage of our Agile platform dedicated to Click&Trade execution and lifecycle management.

Thank you to our clients for your continued trust and support. We look forward to building even stronger relationships in 2026.
