

# 2025 Wrapped

2025 has been a year of steady progress for Marex Financial Products.

We broadened our offering, entered the US structured products market, and passed 1,000 listed products on Borsa Italiana. We also accelerated our growth in Asia and strengthened our institutional crypto capabilities, partnering with the likes of WisdomTree and launching a market-first cobalt cash-and-carry structure.

Our progress this year has been underpinned by strong collaboration across teams and the continued trust our clients place in us.

Thank you for your support. We look forward to building on this progress together in the year ahead.
